WELCOME TO THE 2019 MIDDLE TENNESSEE DISTRICT FAIR

I hope you find as much enjoyment in your time at the fair as we enjoy making it all happen. I've had the opportunity to be involved with the MTDF for many years now. It has been very rewarding and humbling to meet all of the volunteers, vendors, participants, sponsors and spectators. Our fair may only last for seven days, but for so many people in our community it's a yearlong project. We appreciate the effort put forth by all of our entrants whether it's growing that ideal garden, working with livestock, building your demolition derby car, taking the perfect photo or even teaching your daughter the wave and walk for the beauty pageant. We are proud to provide a place to showcase all of your hard work.

Some of the most rewarding things you can see at the fair are the families coming with excited children, people who come just for the spectacular lunch items, and people entering an event for the first time with hopes to win their first blue ribbon!

A saying some of us tell each other is – I LOVE THE FAIR – and it's true, we really do.

On behalf of the MTDF, I want to say THANK YOU for coming to be a part of our fair.

The Gibbs Century Farm (1916-Current)

Pictured left to right: Sue and John Gibbs, Extension Director Calvin Bryant, Nina Busby and Brent Gibbs.

My grandpa, John Henry and his brother, M.E. Gibbs, originally bought the farm primarily to cut timber. My grandpa moved to the farm and lived here on Crawfish Creek. My daddy was a preacher and if he was living in South Carolina (1919-1928) or Indiana (1929-1932) he always had an interest about home (Lawrence County) and worked with his family on the situations at home. In 1933, he told Mother, "I'm going back to the farm and build a house and live there". They moved back after crop was "laid by", cut timber, built house. They lived with his parents here on the farm while working to build. They moved in their new home in January of 1934 and two months later I was born in that house. Before daddy died (1978) he told me "as long as I live, I plan to die here." I said, "I've been here about as long as you have." He thought for a minute and said, "I haven't thought about that." I built our house in 1966. Rex lives in the house where I was born. All three of our children live here on the farm. Daddy had share croppers until I was old enough to take care of it. We raised corn, cotton, peanuts, cane, sweet potatoes, hogs, sheep, and cows. The last few years we have only hay and cows. Between me and my two sons, now we have 100+ cows with 100+ calves. We cut and bale 100+ acres (some rented). 340+ acres total in farm.
